Key Words : Vanuatu, Nouns, Dictionary, Bislama, English

In the Republic of Vanuatu, there are more than 100 languages¹⁾, and most Vanuatu people speak one of them as a mother tongue in addition to Bislama. Bislama, an English-based pidgin-creole, is the national and common language for different 100 vernaculars' speakers²⁾. Tutuba language spoken in Tutuba Island is one of those indigenous languages and has approximately only 500 speakers. It is now considered to be an endangered language³⁾.

To the best of our knowledge, only Tryon et al. (1976)¹⁾ has thoroughly studied and collected about 300 vocabularies of Tutuba language. The present study focuses on the vocabularies of Tutuba language, especially its nouns, and describes their meanings, usages, and grammatical functions with many examples in Bislama^{4).5)} and English. This paper will particularly focus on the vocabularies from A to H, as listed below. The construction of each unit is shown below.

1. Tutuba word [part of speech]

5. the glossary of Tutuba example sentence
